Hello Rahmat Nur,

Welcome to Bangkit 2021! The next 18 weeks of learning will provide you with essential skills and applied knowledge to prepare you for a successful career in Indonesia's exciting technology sector. However, please note that your success in this Program will depend on you and how much you take advantage of this opportunity. Therefore, this email contains essential information to begin your Bangkit 2021 journey.

Please read this email carefully so that you fully understand what your next steps are.

Your Bangkit Credentials are as follows:

- Name: **Rahmat Nur**
- Home/Origin University: **STMIK Jaya Nusa**
- Learning Paths: **Cloud Computing**
- Bangkit Student ID: **C1691785**
- Bangkit Email username*: **C1691785@bangkit.academy**
- Bangkit Email password*: **Y2sWrZys0E**

*login at gmail.com, you'll be asked to change your password upon first login.

Important: From this point forward, all further information, announcements, and communications will be sent to your Bangkit email address instead of your personal/university email.

There are three things we have prepared for you which require attention:

- **Student Welcome Kit**
  - Please read this welcome kit. Familiarize yourself with Bangkit environment, credentials, tools, and platforms, completion requirements, prework, and the Bangkit Code of Conduct.

- **Opening Session & Technical Briefing**
  - You'll need to attend the Bangkit 2021 Opening session followed by Technical Briefing session on Monday - Feb 15th 2021 (**both sessions are mandatory**). Check your welcome kit for further information.
- ⚠️ **Scheduling**
  - As you're aware, the Bangkit learning method combines online self-paced study, online synchronous / instructor-led training (ILT), and project-based learning. Therefore, to help you plan your time, we have created Bangkit learning schedule. (Please note: ILTs will happen at different time slots for each class group, thus actual times may be different from the learning schedule).
  - Refer to the learning schedule document **and** your Google Calendar from time to time. It is essential that you manage your time well since attendance in the prescribed sessions will count towards your final grade. Each learning topic requires an in-depth study with careful time allocation. Please take personal responsibility for every single day you spend through the end of your Bangkit journey in June 2021.

Congratulations once again for choosing Bangkit 2021! Our commitment to you is to put everything we have into making this the most rewarding of experiences, and we look forward to seeing your progression throughout the next 18 weeks of Bangkit 2021.

Should you have any questions, please reply to this email. Thank you and have a great week!

Regards,

Bangkit Team
